The mission of Mennonite Village is to be a Christ-centered community providing life-enriching services. As such, we commit to uphold the following principles within the life of our community.

### Stewardship

Acting out of love—and accountable to one another—we accept with joy the responsibility of participating in our community. We also accept our personal responsibility to prudently manage the community's affairs and assets; to encourage the exercise and development of talents and spiritual gifts; and to safeguard the heritage of the Mennonite Church.

### Service

Believing that serving each other is our true mission, we humbly devote ourselves to being the generous hands, the gentle voice, and the compassionate heart of Jesus.

### Self-Determination

Respecting the dignity and worth of each individual, we pledge to encourage independence and freedom of choice and to provide opportunities for physical, mental, emotional, and spiritual growth, while considering the needs of all people within our community.

*"Let us not become weary in doing good,  
for at the proper time we will reap a harvest  
if we do not give up."*

Galatians 6:9

## Memory Care in a Foster Home Setting

Mary's Place at Mennonite Village is a nonprofit, adult foster care home for men and women diagnosed with early stages of memory loss who need minimal assistance with activities of daily living (ADLs).

Most people diagnosed with early stages of Alzheimer's and related dementia prefer to remain in their homes as long as possible. However, sometimes it becomes too difficult to do the everyday tasks of life, even with the help of others. Mary's Place adult foster care offers the benefits of specialized care and services in a home setting.

Mary's Place is a Class II Foster Care Home designed and licensed specifically for this purpose. It's a spacious, five-bedroom home with two bathrooms, a whirlpool bath, a full kitchen, a large living and dining area, and an office for around-the-clock staff. It also has a beautifully landscaped yard with a covered patio, a barbecue grill, and raised beds for vegetable and flower gardening.

Mary's Place is staffed with specially trained caregivers who share a knack for interacting with those with memory loss. A full-time registered nurse is also available to provide medical care, as needed.

Each resident will have a private bedroom and 24-hour access to common areas in which they can socialize and participate in housekeeping, cooking, baking, and other daily activities and outings as much as they wish.

Children are welcome for visits during the day. At this time, no pets will reside at Mary's Place. However, pets are welcome to visit, provided they are friendly and up-to-date on vaccines.
