## Mennonite Village Covenant

The mission of Mennonite Village is to be a Christ-centered community providing life-enriching services. As such, we commit to uphold the following principles within the life of our community.

### Stewardship

Acting out of love—and accountable to one another—we accept with joy the responsibility of participating in our community. We also accept our personal responsibility to prudently manage the community's affairs and assets; to encourage the exercise and development of talents and spiritual gifts; and to safeguard the heritage of the Mennonite Church.

### Service

Believing that serving each other is our true mission, we humbly devote ourselves to being the generous hands, the gentle voice, and the compassionate heart of Jesus.

### Self-Determination

Respecting the dignity and worth of each individual, we pledge to encourage independence and freedom of choice and to provide opportunities for physical, mental, emotional, and spiritual growth, while considering the needs of all people within our community.

*"Let us not become weary in doing good,  
for at the proper time we will reap a harvest  
if we do not give up."*

Galatians 6:9

## Celebrating 70 Years of Service in 2017

Mennonite Home was founded in 1947 by local congregations to provide care to the elderly. From the beginning, this home was envisioned as a place where elders could live comfortably and receive peaceful, loving care. Today, it remains the cornerstone of Mennonite Village Continuing Care Retirement Community.

Mennonite Home provides 24-hour, post-op, short-term, and long-term services and support, including inpatient and outpatient rehabilitation services, end-of-life care, and ongoing, 24-hour care for those who benefit from a fully supported environment.

Mennonite Home is known for extraordinary service and compassion and a culture of individualized, resident-directed care. Personalized care plans are developed to help each person achieve and maintain his or her level of self-care and independence.

Our commitment as a Christ-centered community is to provide life-enriching services and fun to fulfill the spiritual, physical, and emotional dimensions of those we serve. We offer a range of programs to meet individual interests, including outdoor gardening and scenic walks, cooking and baking, art and music, pet therapy, and brain fitness activities. On Sundays, residents can attend Christian ecumenical services held in our chapel.

Rehabilitation services are available for people transitioning from a hospital stay to their home. Our licensed physical, occupational, and speech therapists and licensed nurses work with each patient's medical needs. Referrals for home health services and equipment can be made conveniently by our social worker/discharge planner.

Our staff also includes registered nurses, certified nursing assistants, certified medication assistants, chaplains, a dietitian, a pharmacist, and wellness professionals. Mennonite Home employees are carefully selected and given ongoing training and support throughout their careers. The proof is in resident and employee satisfaction surveys and our longstanding reputation for excellence.
